Summit Therapeutics to Host R&D Day 7 October 2019

Oxford, UK, and Cambridge, MA, US, 25 September 2019 – Summit Therapeutics plc (NASDAQ: SMMT, AIM: SUMM) today announces that it will host a research and development day for investors and media on 7 October 2019 from 8am-12pm EDT in New York City.

The event will feature leading experts: Dr Casey Theriot, of North Carolina State University, on the role of the microbiome in *C. difficile* infection (‘CDI’) and Dr Kevin Garey, of the University of Houston, on the economic and patient impact of CDI. Summit’s management team will provide insight on the Company’s precision antibiotic ridinilazole as a potential front-line treatment for CDI, which is currently in Phase 3 clinical trials. In addition, management will discuss the Company’s Discuva Platform, aimed at discovering novel class, targeted antibiotics for serious infectious diseases.

A live webcast of the event will be available in the Investors section of the Company’s website, www.summitplc.com. A replay of the webcast will be available from the same location soon after the conclusion of the live presentation.
